

While Alumni drive the Club, it needs to cultivate a much broader base of support to meet its bold objectives. We wish to invite friends and well wishers who share our Vision of Excellence to join us in this noble endeavour to promote deep understanding of fields that span the entire human quest for knowledge in order to safeguard and improve the quality of human life and everyday lifestyle. We encourage a growing group of good FRIENDS OF HARVARD to lend support to our cause and share the unique Harvard experience. Bearing in mind this is a charity event, the Harvard Club of Malaysia wishes to invite you and your company to book a Table of 10 for RM2,000 at our "Batik Charity Nite". We also have tables for RM5,000 each. However, for members who do not need an entire table, the rate is RM100 per person for you and your spouse. **For the purpose of this particular event on May 5**, the funds raised will be donated to the Harvard Club of Malaysia Foundation to support the activities of the much under-funded non-profit organization, PRIDE (pink ribbon deeds), which aims to raise awareness and improve standards of diagnosis, treatment and care of breast cancer in Malaysia. YAB Datin Seri Endon Mahmood, the Prime Minister's wife, is the patron of PRIDE. The principal object of this Foundation is to promote education, including the arts and music, and charitable causes especially for the under-privileged and less fortunate. Our current projects include expanding the Harvard Corner established at the National Library with quality books and other materials published by Harvard University Press, Harvard professors and scholars, as well as Alumni. In addition, we actively promote to bring more Malaysians to study at Harvard, especially for graduate studies. Recently, we have been active in promoting a number of worthwhile humanitarian projects including dialysis services for the poor in Perlis and Malaysian Tsunami victims in Kedah. Also, we bring to Malaysia periodically the best and brightest of Harvard University to help benchmark excellence in leadership, management and governance "software", including specially designed Harvard-type Executive Programs conducted by prominent Harvard professors, based on its famous case-study method of teaching. Part of the Foundation's funds is used to provide financial support for this effort.

We look forward to your participation at this special function which will be Pak Lah's first Prime Ministerial Address to the Club. As always, we are expecting a heavy turnout. Kindly let us know your intention as soon as possible so that we can proceed to reserve a table or more of 10 each for you and your guests, or for just you and your spouse. Table location will be on a first-come first-served basis. I look forward to seeing you on the evening of May 5 (Thursday).

With kindest regards,
